

How to organise a charity pub quiz

- Most pubs have a quiz night once a week so it is better not to clash with these! It's always worth asking your local pub if they will hold their regular quiz night in aid of your Global Village, and give you the entry fee.
- Offer to do lots of publicity of the event so that there are lots of attendees and increased bar takings for the pub.
- If you would like to hold your own quiz night, try hosting it in a village hall or public building so that you don't compete for guests
- You may need to provide your own refreshments
- Make sure you have all the questions and answers to each round prepared before the night, as well as the score sheets
- Don't forget to take leaflets and information about Habitat for Humanity. You could also place buckets and collection boxes around the table to collect spare change. Get in touch with us and we can send you the materials.
