

Site Safety

	<ul style="list-style-type: none"> • Wear sun cream of a suitable factor, reapply throughout day • Drink copious quantities of water – in very hot climates, 4-6 litres per day • Check water bottles have unbroken seals, and do not share water bottles • Politely refuse any water offered elsewhere
	<p>Always wear hard hats when on site at all times, with no exceptions</p>
	<p>Wear gloves as appropriate</p> <ul style="list-style-type: none"> • Locally-made bricks can have sharp edges • Cement will suck moisture from your hands • Plants can have very sharp thorns
	<p>Wear ear protection when using the compactor, any power saw, or other equipment that may cause damage to the ears</p>
	<p>Wear a face mask when:</p> <ul style="list-style-type: none"> • Painting lime wash • Using chemicals • Mixing cement
	<p>Wear eye protection when:</p> <ul style="list-style-type: none"> • Using hammers, chisels, • Using power tools • Using lime wash, chemicals or mixing or pouring cement • Working above head height (i.e. your hands are working above your head)
	<p>Always wear steel toecap safety boots when on site, with no exceptions</p>
	<ul style="list-style-type: none"> • Lifting – stand in front of item with your feet slightly apart. • Bend the knees, keep the back straight • Lift with the legs, not the back • When setting down, reverse the procedure
	<p>Your first aider is:</p>
 <p>A tidy area is a safer area</p>	<ul style="list-style-type: none"> • A messy site is an accident-prone site • Keep your area tidy and remove any unwanted materials or tools
	<p>No mobile phones on site (except for team/crew leaders)</p>
